## SIMPLY PERFECT

Benelli's Inertia Driven® operating system incorporates total efficiency with complete reliability—best summed up as, “Simply Perfect.” What distinguishes Benelli from the competition and what has caught the imagination of the shooting world is not just the Inertia system's speed of operation, but ultra reliability based on superior technology. Combining the Inertia Driven® system with features like ComforTech®, AirTouch®, SteadyGrip™, GripTight®, and Crio® System places Benelli's semi-auto shotguns way ahead of the competition. It also offers shooters and hunters who are passionate about their sport the kind of edge that allows them to hunt longer, harder and more successfully. When it comes to a passion for hunting and shooting, Benelli owners insist on quality and maintain uncompromising standards that demand the highest level of performance for themselves, their gear and their equipment.

**STRONGEST, CLEANEST, MOST RELIABLE OPERATING SYSTEM.**

The In-Line Inertia Driven® system is based on the original Inertia Driven® system and was developed for Benelli's Vinci and Super Vinci semi-auto shotguns. The In-Line Inertia Driven® system features a shorter bolt with a rotating-bolt head that operates simply and efficiently on a single axis. This innovative design means reduced movement during recoil, resulting in less muzzle climb for quicker follow-up shots. Because the system is so simple, it is also light-weight, allowing the Vinci and Super Vinci to be the light-weight guns they are. Like the original Inertia Driven® system, the In-Line Inertia Driven® system expels the gases and residue out of the barrel, making the Vincis easy to clean, requiring very low maintenance.

The In-Line Inertia Driven® system comes standard on these Benelli firearms:

- Benelli Vinci
- Benelli Super Vinci

## ULTRA-RELIABLE, FAST AND SIMPLE.

The Inertia Driven® system was originally developed for Benelli semi-auto shotguns more than 40 years ago. Without ever needing adjusting, this system utilizes the energy from recoil to cycle anything from light field loads to 3½-inch magnums with consistent reliability, year after year. There are Benelli shotguns that have fired over 500,000 rounds that are still functioning perfectly today. The Inertia Driven® system is simple with only three primary parts: the bolt body, the inertia spring and the rotating bolt head. Because gas, smoke and burnt powder residue are contained in the barrel and expelled, rather than being channeled into the gun's mechanism, Benelli guns shoot cleaner than any other shotgun. This allows them to be much easier to maintain and keep clean. With no springs, action bar linkage, or heavy gas cylinder under the forend, Benelli semi-auto shotguns balance like fine game guns should.

### The Inertia Driven® system comes standard on these Benelli firearms:

- Benelli Super Black Eagle II
- Benelli Sport II
- Benelli M2
- Benelli Legacy & Legacy Sport
- Benelli Cordoba
- Benelli Ultra Light
- Benelli SuperSport
- Benelli Montefeltro

THE COMFORTECH® PLUS SYSTEM CUTS RECOIL WITHOUT ADDING WEIGHT.

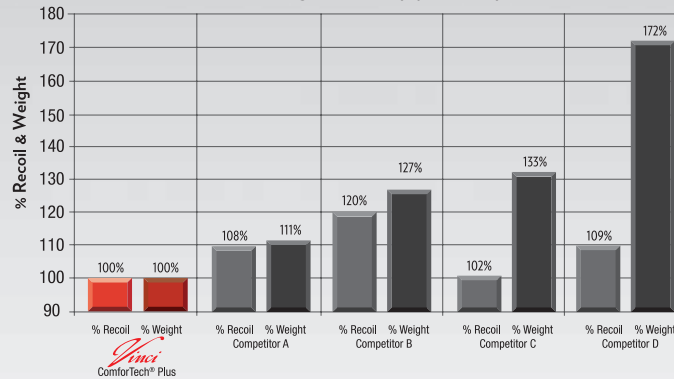

V-Grip™ is a corrugated, non-slip surface that is molded into the synthetic material of the forearm and pistol-grip, offering a more secure hold than traditional checkering can.

**ComforTech® Plus** is a complete recoil reduction system superior to any other recoil reduction product on the market. Now available on the Vinci and Super Vinci, ComforTech® Plus optimizes the revolutionary ComforTech® system by reducing recoil and muzzle climb even more, without adding weight or moving parts.

ComforTech® Plus, QuadraFit™ and V-Grip™ systems are available on these Benelli firearms:

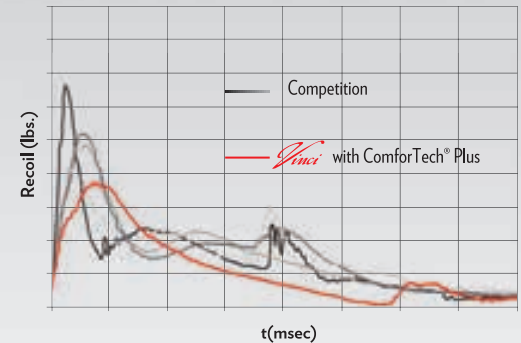

- Benelli Vinci
- Benelli Super Vinci

RECOIL AND WEIGHT COMPARISON  
Federal 2<sup>3</sup>/<sub>4</sub>" , 12-Gauge, 1<sup>1</sup>/<sub>4</sub> oz.  
High Velocity / 1500 fps.

The Vinci does what many thought was impossible; it is both the lightest gun in its class and the softest-kicking. Imagine how fresh you'll be at the end of a long hunting day with that combination!

RECOIL MEASUREMENT  
Federal 2<sup>3</sup>/<sub>4</sub>" , 12-Gauge, 1<sup>1</sup>/<sub>4</sub> oz.  
High Velocity / 1500 fps.

Benelli engineers developed specialized machinery to measure and graph recoil. Here a Vinci is plotted along with 4 competitors. A dramatic reduction with ComforTech® Plus can be seen in all three peaks of recoil—firing, bolt cocking the hammer and the end of bolt travel.

## THREE INNOVATIVE COMPONENTS

### ComforTech® Plus Recoil Pad

The ComforTech® Plus Recoil Pad reduces felt recoil in two ways: The first is by virtue of its contoured shape, spreading the recoil force over a larger area. The second is through its ability to extend the recoil force over a longer period of time.

### ComforTech® Plus Comb Pad

The ComforTech® Plus Comb Pad cushions the cheek during recoil. It also provides a slick surface that allows your cheek to slide along the comb during recoil. This eliminates frictional resistance and insulates your face from shock and vibration.

### ComforTech® Plus Stock

The ComforTech® Plus Stock is divided by 12 synthetic, recoil-absorbing chevrons, arranged diagonally from the heel of the buttstock to a point just behind the pistol-grip. The stock is designed so that the exterior shell flexes outward to further dampen recoil. In combination with the ComforTech® Plus recoil pad, this design spreads the peak force of recoil over a longer period of time than any competitor's claim.

## PRACTICAL SPEED PERFORMANCE™ SHOOT ... RECOVER QUICKLY ... SHOOT AGAIN FASTER.

Benelli has spent decades perfecting the fastest shotguns in the world. Benelli engineers know that the practical speed shooters seek is more than fast cycling of the action. The true performance timeline of speed is not just how quickly you can pull the trigger but how fast you can shoulder the gun, acquire the target, shoot, recover, and prepare for the next shot.

This comprehensive approach to shotgun design delivers Practical Speed Performance.™ Benelli utilizes three revolutionary technologies that work seamlessly with the shooter to achieve the world's fastest performing shotguns, the Vinci and the Super Vinci.

- **QuadraFit® system:** Allows easy adjustment of drop, cast, comb height, and length-of-pull.
- **In-Line Inertia Driven® system:** The action directs energy parallel with the gun virtually eliminating muzzle climb.
- **ComforTech® Plus:** The recoil in the stock is managed by employing the shotgun-absorbing chevron, the gel comb pad and the contour recoil pad. The ComforTech® Plus stock keeps shooters comfortable and on target.

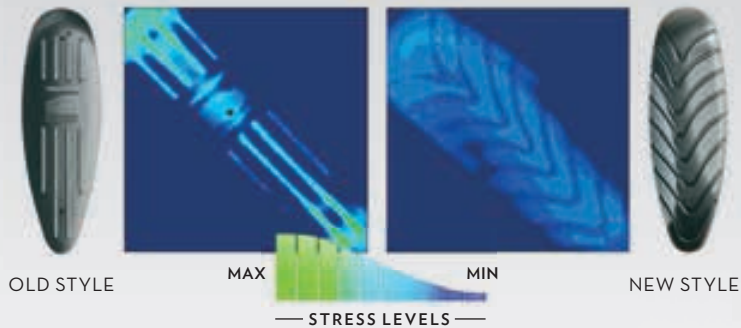

## THE COMFORTECH® SYSTEM REDUCES FELT RECOIL BY AS MUCH AS **48%** OVER THE COMPETITION.

Benelli's ComforTech® system revolutionized firearms technology. Historically if you wanted less recoil, your choices were to make the shot charge lighter or the gun heavier. So Benelli reached outside the firearms industry to take a fresh look at recoil and how to tame it without adding weight to the gun or using lighter charges. They utilized Computer Aided Design (CAD) software programs for cutting-edge design and Computer Aided Engineering (CAE) for precise structural calculations of the finished elements. The result was a new stock system that reduces felt recoil by as much as 48 percent over the competition. Previous generations of firearms designers never had access to the computer modeling, high-speed photography and state-of-the-art synthetics that have made the revolution in shooting comfort possible.

### ComforTech® Gel Recoil Pads

Adjustable length-of-pull with optional ComforTech® Gel Recoil Pads.

The gel recoil pad puts more shock-absorbing material against your shoulder to spread recoil. There are no hard inner structures that push against you. The soft, comfort-fitting gel recoil pad takes the sting out of magnum loads like no conventional recoil pad can.

### ComforTech® Gel Comb Inserts

These special synthetic gel comb inserts not only cushion the shooter's cheek during recoil, they also have a slippery surface that allows the cheek to slide along the surface for added comfort. Available in 3 sizes, for ComforTech® stocks only.

SYNTHETIC RECOIL-ABSORBING CHEVRONS

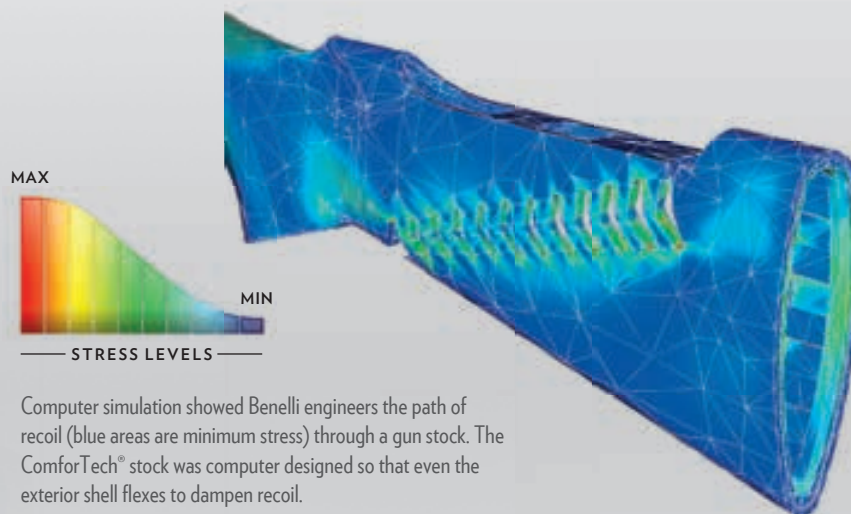

The ComforTech® system is available on these Benelli firearms:

- Benelli Super Black Eagle II
- Benelli SuperSport
- Benelli M2 Field
- Benelli SuperNova
- Benelli Cordoba
- Benelli R1 Rifle

### ComforTech® Stock

ComforTech® Stock is split diagonally from the heel of the buttstock to a point just behind the pistol grip. Connecting the two pieces are eleven synthetic recoil-absorbing chevrons that form a highly effective recoil barrier.

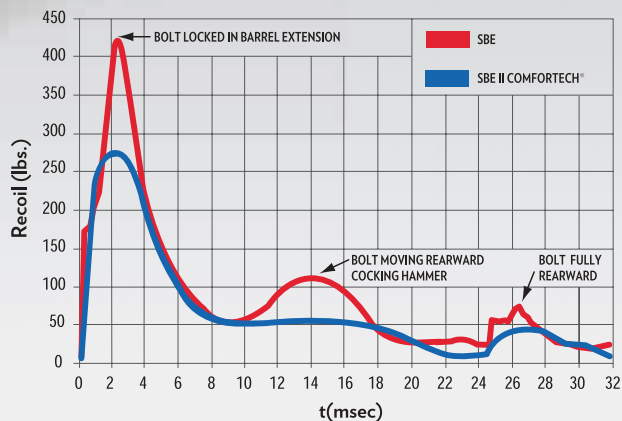

Computer simulation showed Benelli engineers the path of recoil (blue areas are minimum stress) through a gun stock. The ComforTech® stock was computer designed so that even the exterior shell flexes to dampen recoil.

Benelli's technical department utilizes Computer Aided Design (CAD) software programs for cutting-edge design and Computer Aided Engineering (CAE) for precise structural calculations of the finished elements.

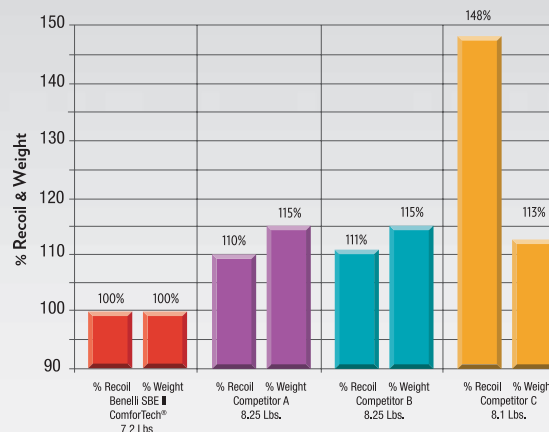

## COMFORTECH® RECOIL MEASUREMENTS

RECOIL MEASUREMENT  
Federal 3 1/2" 12-Gauge, 1 3/8 oz. Steel Shot

Benelli engineers developed specialized machinery to measure and graph recoil. Here a Benelli Super Black Eagle is plotted along with an SBE II with ComforTech®. A dramatic reduction with ComforTech® can be seen in all three peaks of recoil—firing, bolt cocking the hammer and the end of bolt travel.

RECOIL AND WEIGHT COMPARISON  
3 1/2", 12-Gauge, 1 3/8 oz.

The Super Black Eagle II does what many thought was impossible; it is both the lightest gun in its class and the softest-kicking. Imagine how fresh you'll be at the end of a long hunting day with that combination.

The Crio® System combines a barrel frozen to -300° F with a specially designed longer choke tube that is also cryogenically treated. The result is a denser, more uniform pattern with up to 13.2% more pellets on target.

## DENSER PATTERNS WITH **13.2%** MORE PELLETS ON TARGET.

When a Benelli barrel is cryogenically treated, all of the stresses caused by hammer forging are relieved and the surface of the bore takes on a more even-grained, slicker surface that offers less resistance to wads and shot charges. With a smoother and more uniform surface, Benelli Crio® barrels not only pattern better, they stay cleaner longer.

CRYOGENICALLY TREATED

UNTREATED

The Crio® System is available on these Benelli firearms:

- Benelli Super Black Eagle II
- Benelli SuperSport\*
- Benelli Ultra Light
- Benelli M2 Field
- Benelli Sport II\*
- Benelli Montefeltro
- Benelli Cordoba\*
- Benelli Legacy & Legacy Sport\*
- Benelli R1 Rifle\*\*

\*Comes standard with Extended Crio® Choke Tubes. \*\*Crio® Treated Barrels only.

**1960**

**1967** Benelli Armi S.p.A. was founded in 1967. The following year, the plant was established in Urbino and the production of first firearms started.

**1967** The Benelli brothers, owners of the Benelli Motorcycle Company, founded Benelli Armi in 1967 in Urbino.

**1967** Bruno Civolani invented Benelli Inertia system.

**1968** Benelli Armi reaches 2,000 shotguns produced: 1,000 shotguns 12-ga. 4-rds. 1,000 shotguns 12-ga. 5-rds.

**1969** 121: The semi-automatic shotgun new generation is born, the first model of the whole Benelli production.

**1970**

**1973** The first 20-ga. Benelli shotgun is introduced.

**1978** The Series SL80 is introduced.

**1983** Benelli Inertia system is applied to the new Montefeltro series.

**1983** Introduction of the Benelli rotating bolt head.

**1985** Introduction of the M1 Super 90.

**1987** Legacy is introduced.

**1988** Technical innovation & factory automation is the heart of Benelli's gun design and production, providing consistent high-quality.

## INNOVATIVE STATE-OF-THE-ART PRECISION FIREARMS.

In the mid-1960s gas-operated was considered the most advanced system for semi-auto firearms, and appeared to be the way of the future. At the same time, attempts at developing a non-gas-operated system were being tested, but the best of those attempts resulted in little improvement. In 1969, Benelli introduced their Model 121 shotgun, which revolutionized semi-automatics by providing a cleaner-shooting, faster-cycling system based on inertia, rather than gas bleed-off. This innovative operating system proved to be mechanically reliable and safe, as well as strong and residue resistant, making Benelli's Inertia Driven® system a milestone in the evolution of semi-automatic firearms. But this was just the beginning of Benelli's ground-breaking innovations. For more than four decades, Benelli has embraced the latest technology to develop and refine their ultra-modern manufacturing facility in Urbino, Italy. Technologically advanced robotic equipment and the latest CNC machinery ensures that every Benelli gun is manufactured to exacting standards and tolerances. This is the hallmark of Benelli's fine quality firearms today and will be well into the future.

“The Old Duck Hunters are extremely partial to the bitter last days, those stormy days when the wild, free things of duck shooting are abroad in the very wind with the storm.”

---

- GORDON MACQUARRIE

*Stories of the Old Duck Hunters & Other Drivel (1967)*

# SUPER VINCI THE EVOLUTION OF THE REVOLUTION.

Like the original revolutionary Vinci, the superbly balanced Super Vinci embodies all the features that make this Benelli semi-auto the most reliable, softest kicking, fastest shooting, light-weight 3½-inch magnum shotgun in the world. At the heart of the Super Vinci is the In-Line Inertia Driven® system, which has been redesigned to accommodate and reliably shoot cartridges up through the most powerful 3½-inch magnum loads.

SUPER VINCI - 12-GA, 3½"  
Item # 10580 Realtree® APG™

SUPER VINCI - 12-GA, 3½"  
Item # 10550 Black synthetic

**NEW** SUPER VINCI - 12-GA, 3½"  
Item # 10574 Gore™ Optifade™ Concealment - Marsh

SUPER VINCI - 12-GA, 3 1/2"

Item # 10570 Realtree® Max-4™

STANDARD FEATURES

- CHOKE TUBES FINISHES C, IC, M, IM, F Crio® chokes and wrench. Realtree® APG,™ Realtree® Max-4,™ Black synthetic or Gore™ Optifade™ Marsh. Crio® treated barrel.
- BARRELS ComforTech® Plus recoil and comb pads. For adjustment of drop and cast.
- RECOIL PADS For a Weaver 93A.
- SHIM KIT Custom fitted hard case to protect in transport.
- DRILLED & TAPPED Ultimate reliability.
- HARD CASE
- IN-LINE INERTIA DRIVEN®

OPTIONAL FEATURES

- CHOKE TUBES Extended chokes for pass shooting (IM), shooting waterfowl over decoys (IC), and for turkey hunting (XF). Extended Crio® chokes C, IC, M, IM, F.
- RECOIL PADS Three options to customize length of pull to 13 7/8", 14 3/8" or 14 3/4".
- RAISED COMB PADS Two options to customize sight plane for different scenarios from field to target shooting.

BARREL/RECEIVER MODULE

QUADRAFIT™  
BUTTSTOCK MODULE

TRIGGER GROUP/FOREARM MODULE

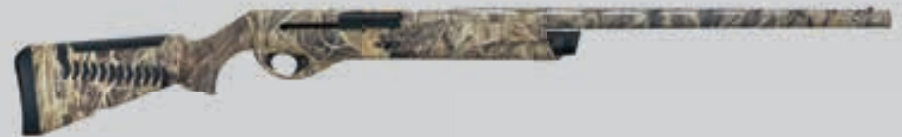

Modular design makes the Super Vinci the easiest shotgun in the world to assemble and disassemble. The Super Vinci consists of three modules – the Barrel/Receiver Module, the Trigger Group/Forearm Module and the Quadrafit™ Buttstock Module.

VINCI  
**THE CORE OF THE  
 REVOLUTION.**

Every few generations an innovative design raises the standard for firearms technology. The Vinci—a simple, efficient, graceful 3-inch, 12-gauge shotgun—is superbly balanced and embodies a different way of looking at shotgun design. The Vinci features the In-Line Inertia Driven® operating system, beating all other semi-automatic shotguns with superior reliability and lightning-fast performance. It's the simplest semi-automatic shotgun operating system ever devised.

VINCI - 12-GA, 3"

**SUPER BLACK EAGLE II – RIFLED SLUG – 12-GA, 3"**

Item # 10132 Realtree® APG™ (Opt. Comb Item #81045 / Scope not included)

Benelli fulfills the needs of southpaws with the production of a selection of semi-autos created especially for left-handed shooters. Benelli's flagship semi-auto, Super Black Eagle II in left-hand is specifically designed with a ComforTech® stock and a left-hand contoured gel recoil pad.

M2 FIELD  
**WORKHORSE RUGGED WITH THOROUGHbred SPEED.**

Light, nimble, and ruggedly built, the Benelli M2 Field is the backbone of the Benelli semi-auto line. Designed around the ultra-reliable Inertia Driven® system, the M2 will digest anything from 2¾-inch target loads to the heaviest 3-inch magnums.

**NEW M2 FIELD COMPACT - 12-GA, 3"**

Item # 11017 Black synthetic

**M2 FIELD – RIFLED SLUG - 12-GA, 3"**

Item # 11061 Black synthetic

The rugged M2 Field Compact model is available in both 12 and 20-gauges and features a short stock complete with ComforTech® and a gel butt pad ergonomically designed to fit the shoulder. A full-size buttstock can be fitted to the M2 Field Compact when appropriate.

The M2 Field rifled slug-barrel version features an adjustable rear sight and ramped front sight. It also features a ComforTech® stock, gel comb insert and recoil pad to help cushion recoil and eliminate friction. The M2 Field is drilled and tapped for a Weaver 93A scope mount base.

## M2 FIELD 20-GAUGE MODELS **SLIM SLEEK AND LEAN.**

The Benelli M2 Field 20-gauge shotgun is not only ultra-reliable, but truly versatile—you can shoot it all day, comfortably. This sleek-looking shotgun with its lean silhouette has what it takes to tackle any shotgun challenge. Without an ounce of excess weight or unnecessary bulk, the slim silhouette of the M2 Field 20-gauge might not look “powerful” but it has the right stuff where it counts.

**NEW** M2 FIELD COMPACT - 20-GA, 3"

Item # 11083 Black synthetic

- FINISHES Realtree® APG,™ Realtree® Max-4™ or Black synthetic.
- GEL PADS ComforTech® gel recoil and comb pads (ComforTech® models only).
- SHIM KIT For adjustment of drop and cast.
- HARD CASE Custom fitted hard case to protect in transport.
- INERTIA DRIVEN® Ultimate reliability.

**OPTIONAL FEATURES**

- CHOKE TUBES Extended chokes for pass shooting (IM), shooting waterfowl over decoys (IC), and for turkey hunting (XF).  
Extended Crio® chokes C, IC, M, IM, F.
- GEL RECOIL PADS Three options to customize length of pull to 13 7/8", 14 3/8" or 14 3/4".
- RAISED COMB PADS Three options to customize sight plane for different scenarios from target shooting to scoped hunting.

**M2 FIELD - 20-GA, 3"**

Item # 11098 Realtree® Max-4™

The M2 Field 20-gauge gun includes Benelli's three big features—the Inertia Driven® system, the ComforTech® recoil management system, and the Crio® System treatment for barrels and choke tubes.

The corrosion-resistant recoil tube and stainless steel spring can be accessed easily by removing the quick-detachable recoil pad.

OPTIONAL LONG PAD  
14 3/4" LOP Item # 81037

OPTIONAL SHORT PAD  
13 7/8" LOP Item # 81046

OPTIONAL MEDIUM PAD  
14 3/8" LOP Item # 81038

CORDOBA  
**HIGH VOLUME AND  
LIGHTNING FAST.**

Named for the region of Argentina known for high-volume dove shooting, Benelli's Cordoba series of Inertia Driven® semi-auto shotguns are designed as lightning-fast hunting guns that can stand up to the rigors and stresses of high-volume shooting. The ComforTech® stock cushions the blow when ammo fired is measured by cases in an afternoon. The Cordoba guns which include the original design in 12- and 20-gauge with the Inertia Driven® system and the Vinci Cordoba 12-gauge, featuring the In-Line Inertia Driven® system, all feature a GripTight® finish.

VINCI CORDOBA - 12-GA, 3"

Item # 10592 Black synthetic

IN-LINE INERTIA DRIVEN® SYSTEM

GripTight® is a synthetic, high-tech over-coating bonded to the stock and forend that's weather-resistant and provides a sure grip, wet or dry.

**CORDOBA - 12-GA, 3"**

Item # 10636 Black synthetic

**STANDARD FEATURES**

CHOKE TUBES	C, IC, M, IM, F Extended Crio® choke and wrench.
BARRELS	Crio® treated ported barrel.
GEL PADS	ComforTech® gel recoil and comb pads.
SHIM KIT	For adjustment of drop and cast.
HARD CASE	Custom fitted hard case to protect in transport.
INERTIA DRIVEN®	Ultimate reliability.

**OPTIONAL FEATURES**

CHOKE TUBES	Extended Crio® chokes for pass shooting (IM), shooting waterfowl over decoys (IC), and for turkey hunting (XF) (12-gauge only).
GEL RECOIL PADS	Three options to customize length of pull to 13 7/8", 14 3/8" or 14 3/4".
RAISED COMB PADS	Three options to customize sight plane for different scenarios from field to target shooting.

**CORDOBA - 20-GA, 3"**

Item # 10650 Black synthetic

**SHELLVIEW™**

ShellView™ is standard with only the 20-gauge Cordoba and SuperSport, allowing the shooter to visually check the number of shells in the magazine tube at a glance.

**WARNING!** Always physically and visually check the magazine tube and chamber to verify that the firearm is not loaded!

MONTEFELTRO SILVER - 20-GA, 3"

Item # 10855 AA-Grade satin walnut

## MONTEFELTRO SILVER **DISTINCTIVE STYLE AND GRAND PERFORMANCE.**

Discerning shooters will instantly notice the distinctive features of the Montefeltro Silver edition: the satin sheen of a stock cut from highly-figured, select AA-Grade walnut and the one-piece, engraved, nickel-plated alloy receiver. The Silver's light-weight, slim forend and low-profile vent-rib, promoting quick target acquisition, make it a standout in the semi-auto shotgun world. The Montefeltro Silver, offered in either 12- or 20-gauge has combined art and function to create a most appealing and reliable shotgun.

The engraving on the Montefeltro Silver's distinctive nickel-plated alloy receiver features a pair of gold flushing quail on the right side and a gold pointing setter on the left.

MONTEFELTRO SILVER  
12-GA, 3"

Item # 10850 AA-Grade satin walnut

STANDARD FEATURES

CHOKE TUBES	C, IC, M, IM, F Crio® choke tubes and wrench. (Montefeltro Silver) IC, M, F Crio® choke tubes and wrench. (Montefeltro)
FINISHES	AA-Grade satin walnut. (Montefeltro Silver) Satin walnut. (Montefeltro)
SIDE PLATE	Acid etched, gold-filled game scenes with rich patina. (Montefeltro Silver)
SHIM KIT	For adjustment of drop and cast. (Montefeltro Silver)
RECOIL PAD	Ventilated recoil pad for recoil absorption (12-ga. only). (Montefeltro)
HARD CASE	Custom fitted hard case to protect in transport. (Montefeltro Silver)
INERTIA DRIVEN®	Ultimate reliability.

OPTIONAL FEATURES

CHOKE TUBES	Extended chokes for pass shooting (IM), shooting waterfowl over decoys (IC), and for turkey hunting (XF). Extended Crio® chokes C, IC, M, IM, F.
SHIM KIT	For adjustment of drop and cast. (Montefeltro)

MONTEFELTRO  
**ELEGANT AND  
ATTRACTIVE.**

Benelli's Montefeltro features a slim, graceful forend combined with an anodized, light-weight receiver to keep the weight minimal and the swing quick. The Montefeltro also features a low-profile rib, which enables a shooter to keep his head down, his cheek on the comb and acquire the target faster.

MONTEFELTRO - 12-GA, 3"

Item # 10861 Satin walnut

MONTEFELTRO - 20-GA, 3"

Item # 10865 Satin walnut

**NEW** MONTEFELTRO - 12-GA, 3"

Item # 10869 Black synthetic

ULTRA LIGHT

## ULTRA LIGHT THE UPLANDER'S DREAM SHOTGUN.

Benelli's Ultra Light series, in 12-gauge (6.0 lbs.), 20-gauge (5.2 lbs.) and 28-gauge (5.0 lbs.), are the lightest semi-auto shotguns in the world for their respective gauges. The Ultra Light features a featherweight alloy receiver, lighter magazine tube, and a super-strong, super-light carbon fiber rib.

ULTRA LIGHT - 20-GA, 3"  
Item # 10803 Satin walnut with WeatherCoat™

ULTRA LIGHT - 28-GA, 2<sup>3</sup>/<sub>4</sub>"  
Item # 10807 Satin walnut with WeatherCoat™

**ULTRA LIGHT - 12-GA, 3"**

Item # 10802 Satin walnut with WeatherCoat™

**STANDARD FEATURES**

CHOKE TUBES	C, IC, M Crio® choke tubes and wrench.
FINISHES	Satin walnut with WeatherCoat®.
RECOIL PADS	Gel recoil pad for shock absorption.
SHIM KIT	For adjustment of drop and cast.
HARD CASE	Custom fitted hard case to protect in transport.
INERTIA DRIVEN®	Ultimate reliability.

**OPTIONAL FEATURES**

CHOKE TUBES	Extended chokes for pass shooting (IM), shooting waterfowl over decoys (IC), and for turkey hunting (XF). Extended Crio® chokes C, IC, M, IM, F.
-------------	---

The carbon fiber rib is complemented by a matching carbon fiber grip cap.

A light-weight raised rib is made from the same super-light, super-strong carbon fiber employed in Formula 1 race cars.

LEGACY  
**CRAFTED LIKE A  
WORK OF ART.**

For those who appreciate the finer things in life, Benelli created the Legacy—a distinctive blend of style and performance for discriminating shooters. With refinements and attention to detail, skilled Benelli craftsmen have engraved the lower receiver with classic game scene etchings. The Legacy, offered in 12- 20- and 28-gauges, is stocked with hand-selected, satin finished AA-Grade walnut.

LEGACY - 12-GA, 3"

Item # 10405 AA-Grade satin walnut

The Legacy 12-gauge is adorned with a game scene engraving that features flying mallards.

**LEGACY - 28-GA, 2<sup>3</sup>/<sub>4</sub>"**

Item # 10435 Satin walnut with WeatherCoat™

**STANDARD FEATURES**

CHOKE TUBES FINISHES	C, IC, M, IM, F Crio® choke tubes and wrench. AA-Grade satin walnut or Satin walnut 12-ga. and 20-ga. Satin walnut with WeatherCoat™ 28-ga.
RECEIVER SHIM KIT	Acid etched game scenes with rich patina. For adjustment of drop and cast.
HARD CASE INERTIA DRIVEN®	Custom fitted hard case to protect in transport. Ultimate reliability.

**OPTIONAL FEATURES**

CHOKE TUBES	Extended chokes for pass shooting (IM), shooting waterfowl over decoys (IC), and for turkey hunting (XF). Extended Crio® chokes C, IC, M, IM, F.
-------------	---

**LEGACY - 20-GA, 3"**

Item # 10420 AA-Grade satin walnut

The Legacy 20-gauge features game scene engraving on each side of the receiver that features flushing upland birds.

**LEGACY - 12-GA**

R: Drake & Mallard L: Two ring-neck pheasants

**LEGACY - 20-GA**

R: Pair of doves L: Upland quail

“I like sporting guns because they are tools that help us fit into the natural puzzle; and fine sporting guns because they are wonderful objects ... At a minimum, a good gun must be useful, beautiful, and well-made enough to last a lifetime.”

---

- **STEPHEN BODIO**  
*Good Guns (1986)*

SUPERSPORT  
**ULTIMATE CLAYS  
RACE GUN.**

The SuperSport's ComforTech® recoil-dampening system combined with a ported barrel makes these sleek semi-auto shotguns the fastest race guns on the planet. The original SuperSport is offered in 12- and 20-gauges, and the Vinci SuperSport is available in 12-gauge.

SUPERSPORT- 20-GA, 3"

Item # 10655 Carbon fiber finish

**SUPERSPORT- 12-GA, 3" & 20-GA, 3"**

Item # 10630 Carbon fiber finish

**STANDARD FEATURES**

CHOKE TUBES	C, IC, M, IM, F Extended Crio® choke and wrench.
FINISHES	Carbon fiber finish.
BARRELS	Crio® treated ported barrel.
GEL PADS	ComforTech® gel recoil and comb pads.
SHIM KIT	For adjustment of drop and cast.
HARD CASE	Custom fitted hard case to protect in transport.
IN-LINE INERTIA DRIVEN®	Ultimate reliability.

**OPTIONAL FEATURES**

CHOKE TUBES	Extended Crio® chokes for pass shooting (IM), shooting waterfowl over decoys (IC), and for turkey hunting (XF) (12-gauge only).
GEL RECOIL PADS	Three options to customize length of pull to 13 7/8", 14 3/8" or 14 3/4".
RAISED COMB PADS	Three options to customize sight plane for different scenarios from field to target shooting.

**VINCI SUPERSPORT- 12-GA, 3"**

Item # 10591 Carbon fiber finish

For quickness of mount, target acquisition, shot and recovery time for a second shot, which Benelli calls Practical Speed Performance™ (PSP), no other shotgun compares to a Vinci SuperSport. You'll be busting the second clay or knocking down that next bird while your partner is still recovering from his first shot.

The Vinci SuperSport and Vinci Cordoba feature the In-Line Inertia Driven® system with the Vinci Speedbolt® which utilizes a tungsten bolt insert designed for faster cycling and loads as light as 1 ounce.

LEGACY SPORT  
**OVER AND UNDER STYLE  
WITH SEMI-AUTO ADVANTAGE.**

The Legacy Sport is a race gun that clay shooters will instantly recognize as not only a beautiful competition gun, but a serious one. The Legacy Sport is a gun with all the features—gel recoil pad, ported barrel, Crio® chokes and barrel—and the advantages of a semi-auto that also incorporates the slimness and balance of an over & under. The Legacy Sport is an elegant, smooth-swinging gun that combines the best quality materials and workmanship with the most modern engineering.

Beautifully engraved receivers, with deep patina and black titanium inserts define old world craftsmanship for the Legacy Sport.

LEGACY SPORT - 12-GA, 3"

Item # 10645 AA-Grade satin walnut

STANDARD FEATURES

CHOKE TUBES	C, IC, M, IM, F Extended Crio® choke tubes and wrench.
FINISHES	AA-Grade satin walnut. A-Grade satin walnut. (Sport II)
BARRELS	Crio® treated ported barrel.
RECEIVER	Acid etched game scenes with rich patina. (Legacy Sport)
GEL PADS	Gel recoil pad.
SHIM KIT	For adjustment of drop and cast.
HARD CASE	Custom fitted hard case to protect in transport.
INERTIA DRIVEN®	Ultimate reliability.

OPTIONAL FEATURES

CHOKE TUBES	XF, Pass & Decoy (12-ga. only).
-------------	---------------------------------

SPORT II  
**TRADITIONAL ELEGANCE.**  
**COMPETITIVE ADVANTAGE.**

For traditionalists, the Sport II features a beautifully figured A-Grade walnut stock finished to a satin-luster with cut checkering covering both the pistol grip and forend. A contoured gel recoil pad and ported barrel help reduce felt recoil.

SPORT II - 12-GA, 3" & 20-GA, 3"

12-GA, Item # 10620 / 20-GA, Item # 10670 A-Grade satin walnut

## LEFT-HAND MODELS

### NEW M2 FIELD - 20-GA, 3"

Item # 11195 Black synthetic

STANDARD FEATURES	
CHOKE TUBES	Crio® C, IC, M, IM, F chokes and wrench. (M2 & SBE II) IC, M, F Crio® choke tubes and wrench. (Montefeltro)
FINISHES	Realtree® APG, Realtree® Max-4™ or Black synthetic. (M2 & SBE II) Satin walnut. (Montefeltro)
BARRELS	Crio® treated barrel.

OPTIONAL FEATURES	
CHOKE TUBES	Extended chokes for pass shooting (IM). Shooting waterfowl over decoys (IC), and for turkey hunting (XF). Extended Crio® chokes C, IC, M, IM, F. (M2, SBE II, Montefeltro)
GEL RECOIL PADS	Three options to customize length of pull to 13 <sup>7</sup> / <sub>8</sub> ", 14 <sup>3</sup> / <sub>8</sub> " or 14 <sup>3</sup> / <sub>4</sub> ". (M2 & SBE II)
RAISED COMB PADS	Three options to customize sight plane for different scenarios from field to target shooting. (M2 & SBE II)
SHIM KIT	For adjustment of drop and cast.

## LEFT-HAND MODELS TRUE **SOUTHPAW** FEATURES.

For years few gun makers offered left-handed versions of their guns. Southpaw shooters felt forgotten, but Benelli changed all that by recognizing their needs and fulfilling their wishes. Benelli stepped up to meet the demand, and today, produce more left-handed guns than any other firearms manufacturer. The latest addition to Benelli's extensive collection of left-handed shotguns is the M2 Field 20-gauge.

### MONTEFELTRO - 12-GA, 3"

Item # 10863 Satin walnut

### SUPER BLACK EAGLE II - 12-GA, 3 1/2"

Item # 10116 Realtree® APG™

M2 FIELD - 12-GA, 3"

Item # 11121 Realtree® Max-4™

M2 FIELD - 12-GA, 3"

Item # 11071 Black synthetic

No longer does the left-handed shooter have to put up with hulls ejecting across his or her face. These are true left-hand guns with ejection port and safety button that are operational from the left side of the gun. For left-handers, this means never again having to reach around to load the gun or activate the safety.

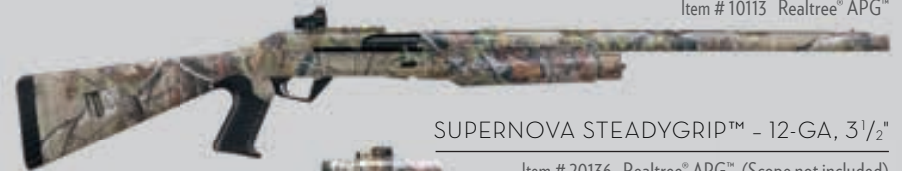

## TURKEY GUNS DESIGNED WITH GOBBLERS IN MIND.

Benelli's turkey guns are designed for those who stalk the turkey woods with specific purpose—outwitting wily long-beards. Whether you demand the ultimate ballistics of a 3½-inch 12-gauge combined with a ComforTech® stock, or seek the rock-solid grip provided by the SteadyGrip™ stock, Benelli offers serious turkey hunters 12- and 20-gauge guns in every configuration to meet your needs. No matter what your style of turkey hunting, there's a Benelli shotgun for the job.

Item # 20048 Realtree® APG™

SLUG GUNS  
**SHOTGUN FUNCTION WITH  
RIFLE PERFORMANCE.**

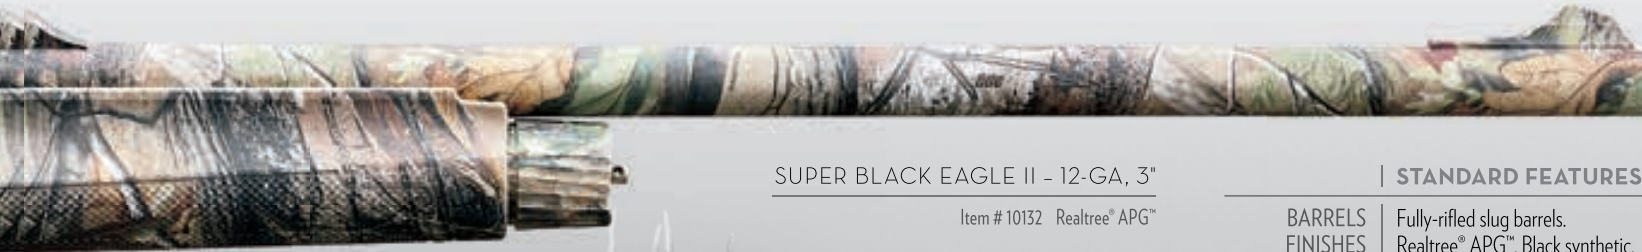

Benelli engineers designed slug guns to provide the performance hunters expect and rely on to take game out to 100 yards. The heart of the Benelli slug guns is a specially designed, heavy walled 1:28" twist, rifled barrel that stabilizes slugs and sabot bullets for excellent down-range results. Benelli slug gun receivers are drilled and tapped to accept the Weaver 93A or 423M scope base.

M2 - 12-GA, 3"  
Item # 11061 Black synthetic (Scope not included)

M2 - 20-GA, 3"  
Item # 11093 Black synthetic

FINISHES  
DRILLED & TAPPED

Fully-rifled slug barrels.  
Realtree® APG™, Black synthetic.  
SBE II and M2 for Weaver 93A.  
SuperNova for 423M.

HARD CASE  
INERTIA DRIVEN®

Hard case not available on Nova and SuperNova.  
Ultimate reliability.

**OPTIONAL FEATURES**

GEL RECOIL PADS  
RAISED COMB PADS  
BARRELS

Three options to customize length of pull to 14", 14 3/8" or 14 3/4".  
Extra-high and raised comb inserts for scoped hunting.  
Field barrels in a variety of lengths and finishes.

**M2 - 20-GA, 3"**

Item # 11089 Realtree® APG™

**SUPERNOVA - 12-GA, 3"**

Item # 20143 Black synthetic

**SUPERNOVA - 12-GA, 3"**

Item # 20144 Realtree® APG™

Slug guns are shown with optional ComforTech® extra-high comb. Scope not included.

SUPERNOVA  
**SUPER LIGHT AND  
SUPER STRONG**  
PUMP-ACTION.

Benelli's SuperNova embodies a light-weight design of steel skeletal framework over-molded with a high-tech polymer, making this 3½-inch pump-action strong, durable and impervious to all weather conditions. The SuperNova's distinctive-shaped trigger guard is similar to the Super Black Eagle II, allowing for more finger room when wearing gloves.

SUPERNOVA - 12-GA, 3½"  
Item # 20131 Realtree® APG™

SUPERNOVA - 12-GA, 3½"  
Item # 20105 Black synthetic

**SUPERNOVA**  
12-GA, 3 1/2"

Item # 20115 Realtree® Max-4™

**STANDARD FEATURES**

CHOKE TUBES	IC, M, F choke tubes and wrench.
FINISHES	Realtree® APG,™ Realtree® Max-4,™ Black synthetic.
SHIM KIT	For adjustment of drop and cast.

**OPTIONAL FEATURES**

CHOKE TUBES	Extended chokes for pass shooting (M), shooting waterfowl over decoys (IC) and for turkey hunting (XF).
GEL RECOIL PADS	Three options to customize length of pull to 13 7/8", 14 3/8" or 14 7/8".
RAISED COMB PADS	Three options to customize comb height.

**SUPERNOVA – STEADYGRIP™ - 12-GA, 3 1/2"**

Item # 20136 Realtree® APG™ (Scope not included)

Checkering is for wood stocks, but the SuperNova uses distinctive grooves that give both unmatched gripping surfaces and an unforgettably distinctive look.

The button on the underside of the forend activates a shell stop allowing a chambered shell to be removed without releasing rounds from the magazine.

NOVA PUMP  
**SYNTHETIC, LIGHT-WEIGHT  
PUMP-ACTION GUN.**

When everyone thought the pump-action shotgun couldn't be improved upon, the Benelli Nova Pump proved otherwise. Completely original in design and functional innovation, the 12- and 20-gauge Nova Pump incorporates a polymer stock and light-weight receiver into a single unit for unsurpassed strength and weather resistance. Italian styling and high-tech ergonomics make the gun not only pleasing to look at, but also a delight to hold and handle.

NOVA PUMP - 12-GA, 3 1/2"

Item # 20076 Realtree® Max-4™

NOVA PUMP COMPACT - 20-GA, 3"

Item # 20036 Black synthetic

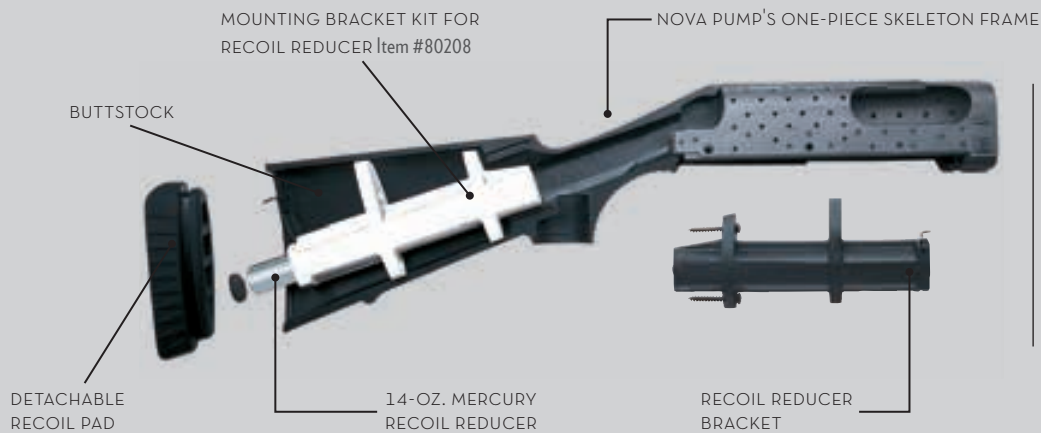

NOVA PUMP  
12-GA, 3 1/2"  
Item # 20072 Realtree® APG™

**STANDARD FEATURES**

CHOKE TUBES | IC, M, F choke tubes and wrench.  
FINISHES | Realtree® APG,™ Realtree® Max-4,™ Black synthetic.

**OPTIONAL FEATURES**

CHOKE TUBES | Extended chokes for pass shooting (IM), shooting waterfowl over decoys (IC) and for turkey hunting (XF) (12-ga. only).

Corrosion proof polymer is over-molded on a skeleton framework to form the one-piece receiver and buttstock in a revolutionary shotgun manufacturing process. The 14-oz. recoil reducer is available as a prepackaged kit.

Item #80208 (12-ga. only)

“If a man’s weapon is not dependable, then he is not dependable.”

M4 TACTICAL

## M4 TACTICAL **RELIABILITY WHEN IT COUNTS.**

In 1998, Benelli delivered five M4s to the Aberdeen Proving Ground in Maryland. These guns endured grueling tests for safety, function and performance, and exceeded stringent operational requirements. The M4 proved to be totally reliable in every test situation and was chosen as the new U.S. Joint Service Combat shotgun. Benelli's M4 Tactical is a unique Auto Regulating Gas Operated (ARGO) semi-auto shotgun, upon which the U.S. Marine Corps still depend today.

### M4 ENTRY - 12-GA, 3"

Item # 11723 Black synthetic, Tactical stock, Ghost-ring sights

Barrel length - 14-inches

### M4 TACTICAL - 12-GA, 3"

Item # 11703 Black synthetic, Tactical stock, Ghost-ring sights

Barrel length - 18 1/2-inches

**M4 TACTICAL, PISTOL GRIP - 12-GA, 3"**

Item # 11707 Black synthetic, Ghost-ring sights

**STANDARD FEATURES**

CHOKE TUBES	Standard M.
FINISHES	Black synthetic.
SIGHTS	Ghost-ring only.
DRILLED & TAPPED	Comes with a Picatinny rail.
ARGO	Battle proven reliability.

**OPTIONAL FEATURES**

TRITIUM INSERTS	Three-dot tritium inserts available for Ghost-ring sights.
-----------------	--

A Picatinny rail allows the mounting of scopes, red dot sights or night vision optics.

M4 ARGO SYSTEM

The stainless steel pistons are required to move only 1/2" for complete cycling which results in a faster operation with minimum vibration and quick target acquisition.

M2 TACTICAL AND M3 CONVERTIBLE

## M2 TACTICAL STOPS DANGER IN ITS TRACKS.

The M2 Tactical is Inertia Driven®, utilizing recoil energy to cycle the action and eliminate fouling problems. The M2 Tactical runs clean by blowing all of the gas and residue—created by shot shell discharge—out of the barrel. When the job demands the highest standards of reliable operation for guns performing under the pressures and stresses of action, Benelli's M2 Tactical has passed the test of time, establishing itself as the shotgun of choice for serious tactical needs.

M2 TACTICAL, COMFORTECH® - 12-GA, 3"

Item # 11029 Black synthetic, Ghost-ring sights

M2 ENTRY - 12-GA, 3"

Item # 11036 Black synthetic, Tactical stock, Tactical rifle sights

**M2 TACTICAL, PISTOL GRIP - 12-GA, 3"**

Item # 11052 Black synthetic, Ghost-ring sights

**STANDARD FEATURES**

CHOKE TUBES	Crio® IC, M & F on M2 - fixed C on M3 Convertible.
FINISHES	Black synthetic.
SIGHTS	M2 Tactical Ghost-ring and Open rifle. M3 Convertible Ghost-ring only.
DRILLED & TAPPED	Standard on M2 Ghost-ring.
INERTIA DRIVEN®	Ultimate reliability.

**OPTIONAL FEATURES**

GEL RECOIL PADS	Three options to customize length-of-pull. M2 ComforTech®. (M2 Tactical ComforTech® only). Tactical models only.
TRITIUM INSERTS	Three-dot tritium inserts available for Ghost-ring sights.
BARRELS	A variety of field and slug barrels available. (M2)

M3 CONVERTIBLE  
**TOTAL VERSATILITY**  
**FOR ALL SITUATIONS.**

The M3 offers either semi-auto or pump-action operation depending on the specific purpose—fast-cycling semi-auto fire with conventional loads or pump-action for low-energy special purpose loads. To change between semi-auto and pump-action, simply rotate the selector ring at the front of the forend 1/4-turn then push forward to change from pump-action to semi-auto or pull back to switch from semi-auto to pump-action and then release the selector.

**M3 CONVERTIBLE, PISTOL GRIP - 12-GA, 3"**

Item # 11606 Black synthetic, Ghost-ring sights

SUPERNOVA TACTICAL AND NOVA TACTICAL

## SUPERNOVA AND NOVA TACTICAL A CENTERPIECE FOR HOME DEFENSE.

For those who prefer pump-action reliability Benelli's SuperNova Tactical embodies all the features that make it the ideal home defense gun that provides complete confidence and peace of mind. Benelli's Nova Tactical is offered with open rifle sights or click-adjustable ghost-ring sights. Both SuperNova and Nova Tactical pump-action shotguns are all-business defense tools you can depend on anytime, anyplace, day or night.

NOVA PUMP TACTICAL - 12-GA, 3 1/2"

BARRELS	Variety of field barrels.
TRITIUM INSERTS	Three-dot tritium inserts available for Ghost-ring sights.
GEL COMB PADS	3 options to customize comb height. (ComforTech® only).

**NOVA PUMP TACTICAL H<sub>2</sub>O - 12-GA, 3 1/2"**

Item # 20090 Black synthetic, Open rifle sights

The Nova H<sub>2</sub>O Pump relies on corrosion-resistant polymer, stainless steel and nickel-plating to keep working in even the harshest conditions, including marine environments.

**SUPERNOVA TACTICAL, COMFORTECH® - 12-GA, 3 1/2"**

Item # 20145 Black synthetic, Open rifle sight

R1 RIFLE  
**TAKE THE BITE  
 OUT OF RECOIL.**

Benelli's R1 rifle features simplicity, sturdiness and ingenious design in a rifle built around the patented Auto Regulating Gas Operated (ARGO) piston driven system—the heart of the R1 rifle. The R1's ARGO system has a unique gas cylinder positioned just in front of the rifle's chamber which allows for short operating rods and reduced recoil. Add to that the ComforTech® system, and it means the R1 generates much less felt recoil. The R1 in .338 becomes the softest kicking .338 on the market, and the R1 in .30-06 exhibits the recoil of a .270.

R1 RIFLE, COMFORTECH® - .30-06 SPRINGFIELD

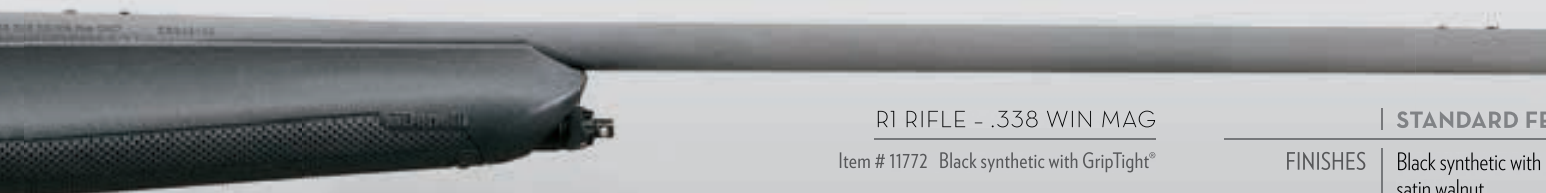

Item # 11774 Realtree® APG™ (Shown with optional scope, not included, extra-high comb. Item # 81045)

R1 RIFLE - .300 WIN MAG

Item # 11772 Black synthetic with GripTight®

### R1 RIFLE - .338 WIN MAG

Item # 11772 Black synthetic with GripTight®

#### STANDARD FEATURES

FINISHES	Black synthetic with GripTight®, Realtree® APG™, AA-Grade satin walnut.
BARRELS	Crio® treated barrels.
MAGAZINE	Quick detachable.
SHIM KIT	For adjustment of drop and cast.
DRILLED & TAPPED	All receivers are drilled and tapped for scope mounting and come equipped with a Picatinny rail.
ARGO	Battle proven reliability.

#### OPTIONAL FEATURES

RAISED COMB PADS	Extra-high comb pads for scope (ComforTech® only).
SIGHTS	Adjustable fiber optic sight set.

### R1 RIFLE - .30-06 SPRINGFIELD

Item # 11770 AA-Grade satin walnut (Shown with optional R1 Rifle sight package. Item # 81131)

AUTO-REGULATING GAS-OPERATED (ARGO) SYSTEM

#### GAS PORT

The gas port is located just forward of the chamber where the gases are hotter and cleaner resulting in less fouling and more reliable cycling.

#### SIMPLE DESIGN GAS PISTONS

A short-stroke, self-cleaning piston and two tappet pistons push directly against the R1's bolt body, eliminating the need for connecting linkages or heavy action bars. Because the pistons push directly against the bolt, they move only 1/2-inch for complete and rapid cycling with minimum vibration.

#### PISTONS

Since the pistons push directly against the bolt, they are required to move only 1/2-inch for complete cycling which results in fast operation with minimum vibration.

#### TORQUE LOCKING SYSTEM

System ensures repeatable accuracy because tension remains constant shot after shot.

PERFORMANCE SHOP  
**CUSTOM BUILT FEATURES,  
FOR TOP PERFORMANCE.**

If you're looking for ultimate performance in a duck gun, competition clays gun or want the finest turkey shotgun ever made, look no further than Benelli's Performance Shop. Partnered with world-renowned gunsmiths such as Briley Manufacturing and Rob Roberts Custom Gun Works, Benelli's Performance Shop offers custom dream guns designed for specific hunting and shooting purposes. Make Benelli's Performance Shop your last stop for "best-in-quality" shotguns to serve specific purposes better than any other shotgun on the market.

Item # 10113 Realtree® APG™ (Includes Burris® FastFire II™ Red Dot Reflex Sight)

The Benelli Performance Shop Sporting guns will appeal to shooters looking for a fast, reliable clays race gun, whether it's trap, skeet, or sporting clays. Benelli's Performance Shop has fine-tuned the SuperSport action to achieve outstanding handling characteristics and superior performance. These models feature weighted mag caps, enlarged bolt-release and bolt handle, lengthened forcing cones and a polished taper between the chamber and barrel to ensure enhanced, consistent patterning and reduced felt recoil.

The Benelli Performance Shop hunting models include a waterfowl and turkey edition based on the Super Black Eagle II. Built to satisfy hard-core hunters, these special-built guns feature lengthened forcing cones, polished actions, tuned triggers and special chokes designed to suit specific needs. A computerized pattern analysis is performed on each gun to confirm the pattern's points of impact.

## BARRELS

Add versatility to your Benelli shotgun with an extra barrel.

Compliment your smooth-bore gun with an extra slug barrel or have the opportunity to switch barrel lengths from 24" to 26" to 28", whichever fits your particular hunting needs. Extra barrels are available for all models. Rifled slug barrels

are available for Super Black Eagle, Super Black Eagle II, M1 Field, M2 Field, SuperNova and Nova models only. (For SBE, SBEII, M1 and M2 models, slug barrels require a modified forend sold separately).

▲ SUPER BLACK EAGLE II (Fits SBE II and SBE) (SBE only—requires new-style forend)  
Field Barrel - 28", 26" and 24" available

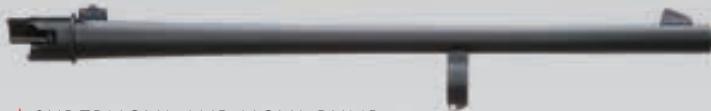

▲ SUPER BLACK EAGLE II (Fits SBE II and SBE) (requires slug forend)  
Rifled Slug Barrel - 24" only

### SUPERNOVA AND NOVA TACTICAL

Tactical Barrel - 18 1/2" only (with open rifle or ghost-ring sights)

▲ SUPERNOVA AND NOVA PUMP  
Field Barrel - 26", 24" and 28" available

▲ M2 FIELD (Fits M1 and M2) (M1 only—requires new-style forend)  
Field Barrel - 26", 24" and 28" available

### MONTEFELTRO / LEGACY

Blued Field Barrel - 26", 24" and 28" available (may require new forend)

▲ Most barrels available in: Realtree® APG™, Advantage® Timber HD™, Realtree® Max-4™ and Matte black

**FLOATING BLIND BAG**

Drop it in the drink, it's okay – not only is our blind bag waterproof, it floats. Made of rugged nylon and lined with closed-cell foam for floatation. This bag sports two side pockets, one front pocket, self-sealing coil zippers, an adjustable padded shoulder strap and 6 shell loops with a Velcro® flap. Embroidered Benelli logo. Dimensions: 18"x10"x10"

Item # 90189 Realtree® APG™ \$79.99

**HEAVY DUTY CALL LANYARD WITH BENELLI BRANDED DUCK BANDS**

Benelli's new Heavy Duty Call Lanyard is made from 550 paracord and comes in a camo pattern that blends with your environment. This lanyard hangs around your neck as a single lanyard, yet has enough loops to carry everything you need in a duck blind, from several duck and goose calls to a dog whistle drop. Made in the USA.

Item # 91005 \$39.99

**MAGNUM APG™ CAMO COOLER**

Keep your drinks or food hot or cold with the Magnum Camo Cooler. Whether you're at the range or in a duck blind, the Magnum Cooler available in APG™ with the Benelli Logo is the key to keeping everything fresh and ready to eat or drink.

Item # 90196 Realtree® APG™ \$38.99 (Pictured above)

**MAGNUM MAX-4™ CAMO COOLER (not shown)**

Also available in Max-4 HD™ Benelli's Magnum Camo cooler will blend right into every environment, whether it's at the range, in the field or in your car. Keep everything fresh with the insulating qualities of this handy Magnum Max-4™ Camo Cooler.

Item # 90197 Realtree® Max-4™ \$39.99

Item # 90522 Item # 90523

**BENELLI 3-GUN CAMELBAK WATER BOTTLE**

Benelli's .75-liter Camelbak® Better Bottle is simple, easy to carry, spill-proof and dishwasher safe.

Item # 90522 Acrylic \$15.99

**BENELLI CAMELBAK WATER BOTTLE**

Item # 90523 Acrylic \$15.99

**SHELL POUCH**

Benelli's distinctive, heavy-duty shell pouch, complete with web belt in black with the Benelli logo embroidered on the front. Twin compartments accommodate live rounds and, at the same time, provide a separate space for empty hulls.

Item # 90232 Black \$49.99

**SHOOTERS TOWEL**

Absorbent hemmed terry cloth towel with embroidered Benelli logo and velcro strap that easily attaches to belt loops, sport bags or totes (no metal rings to scratch your gun).

Item # 90054 Black \$19.99 Size: 16" X 26"

**TUMBLER WITH LID AND RED STRAW**

Benelli tumbler holds 16 oz. of your favorite beverage and comes with a screw-top lid and straw.

Item # 90411 Acrylic \$15.99

**NEW**  
Item #90198

**YETI COOLER**

This exclusive Yeti cooler emblazoned with the Benelli logo has a one-piece, roto-molded construction and is extremely durable just like a whitewater kayak. YETI™'s proprietary PermaFrost™ Insulation is pressure-injected, giving you exceptional thermal resistance for unmatched ice retention.

Item # 90198 White \$259  
Item # 90199 Tan \$359 (not shown)

## BENELLI GEAR

### Gun Cases

**A.** and **B.** Protect your investment with one of our rugged traditional canvas cases. Outer shells crafted of tough canvas fabric and lined with soft, quilted cotton batting and flannel. Leather trim and solid brass hardware. Full length double zipper. Velcro®-flapped accessory pouch with elastic shell/choke tube loops.

Length: 52"

Item A # 90097 Flax \$79.99

Item B # 90005 Black \$79.99

### HARD GUN CASE

Protect your Benelli shotguns with style and safety from trips to the range or field, with a durable protective carrying case. (Nova, SuperNova and pistol grip models do not fit in this case).

Item # 61203 Gray \$39.99

### GUN SOCK

Most gun cases hold in moisture, promoting rust. The Benelli Gun Sock actually lets the gun breathe and the material is impregnated with VCI to keep your gun lubricated and protected from rust.

Item # 90500 Black \$14.99

**A.**

Item # 90097 Color: Flax

**B.**

Item # 90005 Color: Black

Item # 90188 Color: Realtree® Max-4™

**C.** Heavyweight cotton canvas provides superior durability and protection for both your shotgun and an extra barrel. Outer shell crafted of tough canvas fabric and lined with soft quilted cotton batting and flannel. Extra barrel pouch with embroidered Benelli logo and quick-release clasp. It features top-grain leather handle and tip. Full-length double zipper. Length: 52"

Item C # 90180 Black \$79.99

**D.** and **E.** Our zippered floating shotgun case guards your valuable Benelli from the elements. Not only does it shed water, it will float while housing a firearm. Dense closed-cell foam padding works to protect your gun and keep it afloat should the case fall overboard. Full-length zipper allows the case to be fully opened enabling it to dry after a wet hunt. Heavy-duty woven nylon canvas outer shell stays dry and resists abrasions. Length: 52"

Item D # 90072  
Realtree® Max-4™ \$44.99

Item E # 90186  
Realtree® APG™ \$44.99

**F.** Intercept floating cases protect guns from the corrosive elements they're exposed to every day. High-quality dense foam padding cradles your shotgun. Embroidered accessory pocket for chokes & wrenches. Length: 52"

Item F # 90188  
Realtree® Max-4™ \$79.99

**G.** Item # 90187 (not shown)
